PROGRAM DESCRIPTION

Repair of East and West walls at Capp Smith Park Lake to be done in phases over the next 4 to 6 years.

SAVINGS/BENEFITS

There are specific locations where the wall is experiencing faults that need to be addressed soon. These weak points could eventually break off in sections causing additional structural damage which would cost the City more to repair. Due to Park Development Corporation fund balance, it is recommended that the City pursue this project in phases.

CONSEQUENCES OF NOT FUNDING PROGRAM

By not doing this project, the potential for further damage to the structure could be seen, costing more than projected.

This new/expanded request is for the purchase of a stand-on spreader/sprayer to be used in the application of fertilizers, herbicides and pesticides.

SAVINGS/BENEFITS

The purchase of this piece of equipment will allow the application of products in a more efficient and effective manner in the effort of controlling weeds, insect infestations and promote healthy turf growth.

CONSEQUENCES OF NOT FUNDING PROGRAM

Without this piece of equipment the application process requires multiple staff and time. The use of this equipment will save staff time and product costs due to ineffective application.

 - C. For convenience, monthly payments are estimated based on third party rate factors in effect at time of the quotation.
 - D. PTP assumes no liability in the event credit becomes unavailable or rates change during the approval process.
3. There will be a service charge equal to 1.5% per month (18% per annum) on all past due invoices.
4. By Law we are required to file a "Notice to Owner" of our intent to file lien in the event of payment default.

This notice must be sent within 60 days of the date the original invoice and will happen automatically regardless of any special payment arrangements that may have been made.

This request is for the purchase of shade structures for the playgrounds located at five city parks including Foster Village, Indian Springs, Virgil Anthony, BIRD and Hillview.

SAVINGS/BENEFITS

The installation of the shade structures over these park playgrounds will provide protective shade for citizens during the summer months. This has been a continued request by citizens.

CONSEQUENCES OF NOT FUNDING PROGRAM

Users will continue to experience hot conditions on the playground equipment. Without a protective shade structure the playground utilization during summer months is limited due to sun exposure and excessive temperatures.

QUOTE
#73108

01/04/2016

This quotation explicitly excludes any and all items not expressly specified or identified above. No other product, equipment, or service is included, regardless of any Contract Document, Contract Section, Plans, Specifications, Drawing, or Addendum. Delivery for most GameTime equipment is approximately 5-6 weeks after all order documents have been received and payment terms have been approved. A current, approved credit application is required for N30 terms. To place an order, you must provide a purchase order or a signed Total Recreation Products, Inc. (hereafter described as TRP) quote, assigned to GameTime. Neither general contractor nor subcontractor contracts can be accepted. Purchase documents that contain indemnity or hold harmless conditions cannot be accepted. Retainage is not permitted. The following must be received before your order can be processed: complete billing and shipping addresses, a contact name and phone #, and all color choices. Manufacturer's colors may vary from year to year. You are responsible for ensuring that any required submittal approvals are completed before placing your order for processing. TRP reserves the right to limit submittals to one copy. Shop drawings, bluelines, sepias, are not available. Closeout documents may be limited to GameTime or TRP standard issue. If Sales Tax Exempt, a copy of your tax exemption form or resale certificate must accompany your order, or any applicable sales tax, will be added to your invoice. Most GameTime products are shipped from the Ft. Payne, AL plant. GameTime cannot hold orders or store equipment. Equipment is invoiced when shipped. If a cash sale, your payment must be received in full before the order will be processed. Contractors must also provide copies of current, fully executed bid/performance/payment bonds, as applicable. Pricing shown does not include any charges for permits, bonding, prevailing wage, or additional insured certifications. Unless otherwise noted, any quantity of surfacing or playcurbs quoted has been calculated specifically for the equipment and layout shown. No additional surfacing or curbing is included, and no allowance has been made, for an unlevelled, convoluted or larger site, or for a different layout. Neither GameTime nor TRP is responsible for any surface, curbing, border, or drain that is provided by others. Also please confirm that your area is adequate for the equipment that you are purchasing.

Installation charges, if quoted, are for a "standard" installation unless specifically noted to be otherwise. Installation charges are due upon completion. Standard installations are based upon a soil work site, that is freely accessible by truck, (no fencing, tree/landscaping or utility obstacles, etc.), and level, (+/- 1-2% maximum slope). An accessible water source must be available to the installer. Any site work that is not expressly described is excluded. Standard installation does not include any extra or additional machinery, drillers, etc., for rock excavation. If rock conditions are encountered, additional charges will apply.

Standard installations generally require from 2-10 business days to complete, depending upon the amount and type of equipment, site conditions, weather, and the installer's schedule. Work may or may not be performed in consecutive days. Playcurbs are staked in, not set in concrete. Engineered wood fiber and shredded rubber surfacings are spread, not compacted, rolled, or watered. Landscape timbers are not warranted. The Customer is responsible for locating and clearly marking all underground utilities in the installation area before any installation work can begin. The installer is not responsible for damages, repairs, or discontinuance of business due to damaged utilities.

If applicable, sprinkler system locates, re-working and repairs are excluded from installation charges. Installation of all products, (equipment, borders, fall surfacing and amenities) are as quoted and approved by acceptance of quotes and drawings. As a precautionary measure, work in progress areas will be taped off at the end of the workday. Pier spoils from installation shall be spread at site, site will be left rough grade. Trash disposal is the responsibility of the Customer. The installer is not responsible for any damages or re-work resulting from after hours events or activities during the work in progress period. Temporary fencing is only provided by specific request, and additional charges will apply. Collectively and/or individually, not the manufacturer, TRP, their representatives, nor the installation company shall be held liable for any damages resulting from misuse, vandalism, or neglect. Any deviations from approved and accepted placement of all items, along with additional work, over and above quoted items, will be chargeable to the customer. Once work is completed the customer will be notified if present at the job site, and all responsibility of any new work will be transferred to the customer. The customer is responsible for maintaining the integrity of completed installation work until all components have seated and/or cured (concrete footings, etc.). Your project site must be completely prepared and ready to receive your equipment before any installation work begins. Acquisition of any and all permits is the sole responsibility of the customer. Additional charges may be billed for any extra hours or trips needed as a result of the work site not being ready. Neither the installation contractor, GameTime nor TRP will be responsible for delays caused by shortages, incorrect parts, weather conditions, other contractors, or lack of site readiness.

If you are receiving your equipment, you are responsible for unloading and accepting delivery from the freight company and reporting any damaged freight or shortages on the freight bill at the time. You will also be responsible for a complete inventory of your received equipment and reporting any discrepancies to us immediately. Neither the freight company nor the manufacturer will resolve shipment discrepancies that are not reported immediately. Make sure that all items have been received before any type of installation work is scheduled. The freight carrier will be instructed to call your designated contact 24 hours before delivery to arrange a delivery appointment.

Once accepted, orders can only be changed or canceled with the consent of GameTime and TRP, and on terms that will indemnify them against loss. Changed or canceled orders are subject to a \$100.00 service charge. Additionally, canceled orders are subject to a 25% restocking fee, plus freight charges (to and from). Built-to-order equipment orders are non-cancelable. Changes to orders that have been shipped and invoiced are subject to the above \$100.00 service charge plus additional restocking/return charges of 25%. Non-returnable items shall be charged at full invoice value. Any return transportation charges shall be for the Buyer's account. Replacement parts are also subject to the cancellation/returns policy. Please carefully review any research information that has been sent to you and confirm that you are ordering the correct replacement parts for your equipment. This quotation is valid 30 days. After 30 days, please request an updated quote. Prices may be subject to material and fuel surcharges at the time of shipment and are subject to change without notice. Current prices will apply at the time of shipment. Acceptance of this quote indicates your agreement to GameTime's credit terms, which are net 30 days, FOB shipping with approved credit. Any deviations from this proposal may invalidate the quoted pricing and/or terms.

Changed or canceled orders are subject to a \$100.00 service charge. Additionally, canceled orders are subject to a 25% restocking fee, plus freight charges (to and from). Built-to-order equipment orders are non-cancelable. Changes to orders that have been shipped and invoiced are subject to the above \$100.00 service charge plus additional restocking/return charges of 25%. Non-returnable items shall be charged at full invoice value. Any return transportation charges shall be for the Buyer's account. Replacement parts are also subject to the cancellation/returns policy. Please carefully review any research information that has been sent to you and confirm that you are ordering the correct replacement parts for your equipment. This quotation is valid 30 days. After 30 days, please request an updated quote. Prices may be subject to material and fuel surcharges at the time of shipment and are subject to change without notice. Current prices will apply at the time of shipment. Acceptance of this quote indicates your agreement to GameTime's credit terms, which are net 30 days, FOB shipping with approved credit. Any deviations from this proposal may invalidate the quoted pricing and/or terms.

Important Terms & Conditions - Please Review

To place an order, you must provide one of the following: a Purchase Order assigned to GameTime; or this Price Quotation, signed by an authorized purchaser, with a check made payable to GameTime. GameTime will also accept payment by Visa, MasterCard, or American Express. A current approved credit application is required for Net 30 terms.

01/04/2016

This quotation explicitly excludes any and all items not expressly specified or identified above. No other product, equipment, or service is included, regardless of any Contract Document, Contract Section, Plans, Specifications, Drawing, or Addendum. Delivery for most GameTime equipment is approximately 5-6 weeks after all order documents have been received and payment terms have been approved. A current, approved credit application is required for N30 terms. To place an order, you must provide a purchase order or a signed Total Recreation Products, Inc. (hereafter described as TRP) quote, assigned to GameTime. Neither general contractor nor subcontractor contracts can be accepted. Purchase documents that contain indemnity or hold harmless conditions cannot be accepted. Retainage is not permitted. The following must be received before your order can be processed: complete billing and shipping addresses, a contact name and phone #, and all color choices. Manufacturer's colors may vary from year to year. You are responsible for ensuring that any required submittal approvals are completed before placing your order for processing. TRP reserves the right to limit submittals to one copy. Shop drawings, blueprints, sepias, are not available. Closeout documents may be limited to GameTime or TRP standard issue. If Sales Tax Exempt, a copy of your tax exemption form or resale certificate must accompany your order, or any applicable sales tax, will be added to your invoice. Most GameTime products are shipped from the Ft. Payne, AL plant. GameTime cannot hold orders or store equipment. Equipment is invoiced when shipped. If a cash sale, your payment must be received in full before the order will be processed. Contractors must also provide copies of current, fully executed bid/performance/payment bonds, as applicable. Pricing shown does not include any charges for permits, bonding, prevailing wage, or additional insured certifications. Unless otherwise noted, any quantity of surfacing or playcurbs quoted has been calculated specifically for the equipment and layout shown. No additional surfacing or curbing is included, and no allowance has been made, for an unlevelled, convoluted or larger site, or for a different layout. Neither GameTime nor TRP is responsible for any surface, curbing, border, or drain that is provided by others. Also please confirm that your area is adequate for the equipment that you are purchasing.

Installation charges, if quoted, are for a "standard" installation unless specifically noted to be otherwise. Installation charges are due upon completion. Standard installations are based upon a soil work site, that is freely accessible by truck, (no fencing, tree/landscaping or utility obstacles, etc.), and level, (+/- 1-2% maximum slope). An accessible water source must be available to the installer. Any site work that is not expressly described is excluded. Standard installation does not include any extra or additional machinery, drillers, etc., for rock excavation. If rock conditions are encountered, additional charges will apply.

Standard installations generally require from 2-10 business days to complete, depending upon the amount and type of equipment, site conditions, weather, and the installer's schedule. Work may or may not be performed in consecutive days. Playcurbs are staked in, not set in concrete. Engineered wood fiber and shredded rubber surfacings are spread, not compacted, rolled, or watered. Landscape timbers are not warranted. The Customer is responsible for locating and clearly marking all underground utilities in the installation area before any installation work can begin. The installer is not responsible for damages, repairs, or discontinuance of business due to damaged utilities.

If applicable, sprinkler system locates, re-working and repairs are excluded from installation charges. Installation of all products, (equipment, borders, fall surfacing and amenities) are as quoted and approved by acceptance of quotes and drawings. As a precautionary measure, work in progress areas will be taped off at the end of the workday. Pier spoils from installation shall be spread at site, site will be left rough grade. Trash disposal is the responsibility of the Customer. The installer is not responsible for any damages or re-work resulting from after hours events or activities during the work in progress period. Temporary fencing is only provided by specific request, and additional charges will apply. Collectively and/or individually, not the manufacturer, TRP, their representatives, nor the installation company shall be held liable for any damages resulting from misuse, vandalism, or neglect. Any deviations from approved and accepted placement of all items, along with additional work, over and above quoted items, will be chargeable to the customer. Once work is completed the customer will be notified if present at the job site, and all responsibility of any new work will be transferred to the customer. The customer is responsible for maintaining the integrity of completed installation work until all components have seated and/or cured (concrete footings, etc.). Your project site must be completely prepared and ready to receive your equipment before any installation work begins. Acquisition of any and all permits is the sole responsibility of the customer. Additional charges may be billed for any extra hours or trips needed as a result of the work site not being ready. Neither the installation contractor, GameTime nor TRP will be responsible for delays caused by shortages, incorrect parts, weather conditions, other contractors, or lack of site readiness.

If you are receiving your equipment, you are responsible for unloading and accepting delivery from the freight company and reporting any damaged freight or shortages on the freight bill at the time. You will also be responsible for a complete inventory of your received equipment and reporting any discrepancies to us immediately. Neither the freight company nor the manufacturer will resolve shipment discrepancies that are not reported immediately. Make sure that all items have been received before any type of installation work is scheduled. The freight carrier will be instructed to call your designated contact 24 hours before delivery to arrange a delivery appointment.

Once accepted, orders can only be changed or canceled with the consent of GameTime and TRP, and on terms that will indemnify them against loss. Changed or canceled orders are subject to a \$100.00 service charge. Additionally, canceled orders are subject to a 25% restocking fee, plus freight charges (to and from). Built-to-order equipment orders are non-cancelable. Important Terms & Conditions - Please Review

To place an order, you must provide one of the following: a Purchase Order assigned to GameTime; or this Price Quotation, signed by an authorized purchaser, with a check made payable to GameTime. GameTime will also accept payment by Visa, MasterCard, or American Express. A current approved credit application is required for Net 30 terms.

03/01/2016

This quotation explicitly excludes any and all items not expressly specified or identified above. No other product, equipment, or service is included, regardless of any Contract Document, Contract Section, Plans, Specifications, Drawing, or Addendum. Delivery for most GameTime equipment is approximately 5-6 weeks after all order documents have been received and payment terms have been approved. A current, approved credit application is required for N30 terms. To place an order, you must provide a purchase order or a signed Total Recreation Products, Inc. (hereafter described as TRP) quote, assigned to GameTime. Neither general contractor nor subcontractor contracts can be accepted. Purchase documents that contain indemnity or hold harmless conditions cannot be accepted. Retainage is not permitted. The following must be received before your order can be processed: complete billing and shipping addresses, a contact name and phone #, and all color choices. Manufacturer's colors may vary from year to year. You are responsible for ensuring that any required submittal approvals are completed before placing your order for processing. TRP reserves the right to limit submittals to one copy. Shop drawings, bluelines, sepias, are not available. Closeout documents may be limited to GameTime or TRP standard issue. If Sales Tax Exempt, a copy of your tax exemption form or resale certificate must accompany your order, or any applicable sales tax, will be added to your invoice. Most GameTime products are shipped from the Ft. Payne, AL plant. GameTime cannot hold orders or store equipment. Equipment is invoiced when shipped. If a cash sale, your payment must be received in full before the order will be processed. Contractors must also provide copies of current, fully executed bid/performance/payment bonds, as applicable. Pricing shown does not include any charges for permits, bonding, prevailing wage, or additional insured certifications. Unless otherwise noted, any quantity of surfacing or playcurbs quoted has been calculated specifically for the equipment and layout shown. No additional surfacing or curbing is included, and no allowance has been made, for an unlevelled, convoluted or larger site, or for a different layout. Neither GameTime nor TRP is responsible for any surface, curbing, border, or drain that is provided by others. Also please confirm that your area is adequate for the equipment that you are purchasing.

Installation charges, if quoted, are for a "standard" installation unless specifically noted to be otherwise. Installation charges are due upon completion. Standard installations are based upon a soil work site, that is freely accessible by truck, (no fencing, tree/landscaping or utility obstacles, etc.), and level, (+/- 1-2% maximum slope). An accessible water source must be available to the installer. Any site work that is not expressly described is excluded. Standard installation does not include any extra or additional machinery, drillers, etc., for rock excavation. If rock conditions are encountered, additional charges will apply. Standard installations generally require from 2-10 business days to complete, depending upon the amount and type of equipment, site conditions, weather, and the installer's schedule. Work may or may not be performed in consecutive days. Playcurbs are staked in, not set in concrete. Engineered wood fiber and shredded rubber surfacings are spread, not compacted, rolled, or watered. Landscape timbers are not warranted. The Customer is responsible for locating and clearly marking all underground utilities in the installation area before any installation work can begin. The installer is not responsible for damages, repairs, or discontinuance of business due to damaged utilities. If applicable, sprinkler system locates, re-working and repairs are excluded from installation charges. Installation of all products, (equipment, borders, fall surfacing and amenities) are as quoted and approved by acceptance of quotes and drawings. As a precautionary measure, work in progress areas will be taped off at the end of the workday. Pier spoils from installation shall be spread at site, site will be left rough grade. The installer is not responsible for any damages or re-work resulting from after hours events or activities during the work in progress period. Temporary fencing is only provided by specific request, and additional charges will apply. Collectively and/or individually, not the manufacturer, TRP, their representatives, nor the installation company shall be held liable for any damages resulting from misuse, vandalism, or neglect. Any deviations from approved and accepted placement of all items, along with additional work, over and above quoted items, will be chargeable to the customer. Once work is completed the customer will be notified if present at the job site, and all responsibility of any new work will be transferred to the customer. The customer is responsible for maintaining the integrity of completed installation work until all components have seated and/or cured (concrete footings, etc.). Your project site must be completely prepared and ready to receive your equipment before any installation work begins. Acquisition of any and all permits is the sole responsibility of the customer. Additional charges may be billed for any extra hours or trips needed as a result of the work site not being ready. Neither the installation contractor, GameTime nor TRP will be responsible for delays caused by shortages, incorrect parts, weather conditions, other contractors, or lack of site readiness.

If you are receiving your equipment, you are responsible for unloading and accepting delivery from the freight company and reporting any damaged freight or shortages on the freight bill at the time. You will also be responsible for a complete inventory of your received equipment and reporting any discrepancies to us immediately. Neither the freight company nor the manufacturer will resolve shipment discrepancies that are not reported immediately. Make sure that all items have been received before any type of installation work is scheduled. The freight carrier will be instructed to call your designated contact 24 hours before delivery to arrange a delivery appointment.

Once accepted, orders can only be changed or canceled with the consent of GameTime and TRP, and on terms that will indemnify them against loss. Changed or canceled orders are subject to a \$100.00 service charge. Additionally, canceled orders are subject to a 25% restocking fee, plus freight charges (to and from). Built-to-order equipment orders are non-cancelable. Changes to orders that have been shipped and invoiced are subject to the above \$100.00 service charge plus additional restocking/return charges of 25%. Non-returnable items shall be charged at full invoice value. Any return transportation charges shall be for the Buyer's account. Replacement parts are also subject to the cancellation/returns policy. Please carefully review any research information that has been sent to you and confirm that you are ordering the correct replacement parts for your equipment. This quotation is valid 30 days. After 30 days, please request an updated quote. Prices may be subject to material and fuel surcharges at the time of shipment and are subject to change without notice. Current prices will apply at the time of shipment. Acceptance of this quote indicates your agreement to GameTime's credit terms, which are net 30 days, FOB shipping with approved credit. Any deviations from this proposal may invalidate the quoted pricing and/or terms.

PROGRAM DESCRIPTION

New & expanded request for additional playground equipment for the BISD playground to accommodate children ages 2-5 years.

SAVINGS/BENEFITS

There are no significant savings. This program would be in addition to the existing playground and will incorporate Council Goal # 3 , to enhance quality of life through recreational services.

CONSEQUENCES OF NOT FUNDING PROGRAM

There have been requests from citizens for these amenities to be installed to give the younger ages more traditional playground equipment to be used. The requests have come from the Park Master Plan Survey and the Park Public Forum.

PROGRAM DESCRIPTION

This new/expanded request is to provide additional picnic areas in three park system locations with shade covers and grills.

SAVINGS/BENEFITS

There are no savings associated with this project. This project will be an addition to the quality of life and provide additional amenities for park patrons. This project request meets goal # 3 as part of the strategic plan initiatives.

CONSEQUENCES OF NOT FUNDING PROGRAM

There would be no consequences for not funding. The Watauga Park system has several picnic areas provided. Some with grilling opportunities and shade. These pad areas would complement the existing ones and would be spaced in locations that currently lack this type of structure.
